STATE OF NORTH DAKOTA

I have not received results of court hearing in Dismarck ND courthouse that was on 01/06/2016 allthough i did have a mailing address in Montana, that my appointed guardian Alexander Schweitzer, my Case Manager Gordon Eckroth and my sister Angela Wicks who was my prior guardian Knew about, - there for i could not lawfully file for an appeal or reschedule a new hearing and had and have no financiall means to hire a lawyer.

Since the guardian (Alexander Schweitzer) has been appointed my guardian, I have not received any form of money for my basic needs!

Yes, not even a penny.
I have met with him only once, there is no good form of communication between the two of us — I don't like him.

I grew up to be independent — to do most things in life all by myself!

I am not in Kindergarden and Elementary School!

I do not need other people telling me what and →

and what not to do!

My Social Security, EBT, Medicaid was done all thru me, i had no help from others filling out applications and ~~gai~~ gaining access to all of the above!

Therefore no one else except for myself should have access and theyre hands on all of that.

Gordon ~~E~~ Eckroth has been ~~lie~~ lying to me ever since he was appointed to be my Case Manager - 18 years ago.

He even - knowingly and intentionally lyed to a Federal employee at the Jamestown hospital regarding my Social Security Number and other things of such when i was there as a patient aprox. 18 years ago!

And he has been doing so with me ever since he has been ~~appointed~~ appointed to be my case manager

Yes, i do have bad days, just like other "normal" people — but that doesnt mean i need a guardian!

* Hospital evaluation was done when i have no "bad" days, i do recover very fast though, therefor the evaluation is not something permanent.

I, not like most other people that ~~have~~ have been diagnosed with a mental illness, have been choosing my Doctors and medication very carefully on my own.

I, ~~[illegible]~~ even do research, inform and educate myself about all the medications that i receive and request from the doctor, - most people do not do that.

I hereby would like to have guardianship to myself again.

At least have have the guardianship given to my sister Angela Maria Wicks temporarily for a ~~year~~ year so it can be passed onto ~~myself~~ myself after that.

Sincerely,
