

April 3, 1931

Rev. Howard Anderson,  
Williston, North Dakota.

Dear Rev. Anderson:

I recently read an item in the paper which indicated that either you or some organization with which you are affiliated have made, or was making, some investigation of the Bannon lynching.

If this statement is correct and you are in possession of any evidence that might aid the authorities in this matter, I would greatly appreciate if if you would make available to this office the evidence which you have procured.

Your very truly,

James Morris,  
Attorney General.
