Case No. 02-C-2517

PETITION FOR REHEARING

Supreme Court:

I request a petition for a hearing With regard to my driving Privilidges I have been most unfairly treated, by the law enforcement and the courts they work for. ~~The circumstances that were alledged at the time of stop~~ Chief Justice said he would investigate, my remarks of Criminal conduct, Malicious behavior + Prejudice but yet, I have not again ever been contacted, or even ~~phoned~~ telephoned regarding the incident, ~~Prior to the Court upholding the Court finding against me~~ but yet the Court upheld the decision to ~~affirm~~ stand with their decision to Keep my ~~Senatory~~ License, after I've alledged, the police were criminal, several times in their actions, ~~and more~~ and that I have police stalking me on Video Camera + several witness as well as police records The police destroyed the Video of the arrest and gave me a tape that had been deliberatly destroyed, destroying evidence of the arrest, I've been accused of being impaired, I was not + Video police destroyed shows ~~I was~~ not drunk or impaired. ~~As I told~~ ~~you that the police~~ I told you that police and courts were harassing my son, because

of their dislike for me. I have record of the court and statements to support my allegations of harassment.

These criminal & very disgusting events will be heard in their entirety. I at this time again ask for a criminal investigation into the actions of the local authorities.

Since I last left the Supreme Court Feb 25th & immediately following, my son was again contacted by local court, that he had not paid a fine from three years earlier. He insisted that he'd paid it. I was sure he had. But a very arrogant horrible adult employed at Cass County District court told my son if he didn't have a reciept that he'd have to pay again or go to jail. I also have this on Video Tape. I brought my camera up to the Clerk's office questioning them. It's really quite obvious their guilt.

Please Contact the F B I regarding this investigation.

after I got out of Court, a few days later, my son got a letter saying he had not paid a fine from three years earlier. He insisted he'd paid it, he was sure it was paid. But a very horrible disgusting employee of District Court asked he if he still had his reciept or that he would go to jail if not paid again. I went up to District Court to question these freinds of Tom Davies and Joanne Klar - clerk - in District Court with a hidden Video Camera, its quite obivious on the video what these people did again. Had my son not paid the fine three years earlier, he would of immediatly generated an arrest Warrant. This again just one of many attacks against me.

Please return my license that was illegally taken from me by a very corrupt Cop.

please se: Governor Hoeven

Please inform my Governor that I wish to Speak with him regarding, law enforcement and what they're done.
