

General Instructions for the Guardianship Annual Report

Court employees cannot help you fill out this form.

Do not include these instructions when you file the completed form.

Guardians and conservators must report on the status of their ward and update the North Dakota State District Court with a summary of the “exercise of powers” for the past year.

The exercise of powers means all of the ways in which a guardian or conservator has handled decision making on behalf of the ward. This includes all of the areas of authority that the Court has appointed to a guardian or conservator.

Generally, the annual report is due to the Court each year on the anniversary of the Letters of Guardianship. Unless directed by the Court to report more frequently, the report should detail the events of the previous year. The annual report is required by law in North Dakota Century Code [§30.1-28-12\(8\)](#) and [§30.1-29-19](#).

North Dakota State District Courts are required to provide oversight of the wards, and these annual summaries supply the Court with a snapshot of the ward’s health, financial wellbeing, and significant changes in care or living arrangements. These summaries also assure the Court that the ward is living in the least restrictive environment.

Fillable forms are available on the North Dakota Supreme Court’s website: www.ndcourts.gov/legal-self-help in the Guardianships and Conservatorships section.

Please add additional pages as necessary to submit a report to the Court that contains all relevant information on the ward’s wellbeing and activities for the past year.

The following explanations are provided for specific questions on the form:

- **#2:** Refer to your Letters of Guardianship and check the areas where you were granted authority for decision making.
- **#3:** some wards may have more than one person assisting them with their financial transactions. For example, a ward may have a representative payee managing some of their money, and a guardian or conservator managing other assets. These people will need to provide input into your annual reports.
- **#6:** the person with care or custody of the ward is usually where the ward is currently residing.
- **#7:** describe the changes in residences and care, and the reasons for these decisions.
- **#10:** the services provided to the ward will include services that the guardians have provided as well as care that the ward is receiving. Examples would include assisting the ward with moving into a new apartment, or securing home delivered meals.

- **#14:** wards should be living in the least restrictive environment and able to take advantage of community events and activities. Not all wards will be capable of participating in all activities. To give the court a broad picture of the ward’s environment, please provide general examples of activities the ward participated in.
 - **#17:** use this space to expand on details or to inform the Court of other matters important to the ward’s care, health, and happiness, as well as important events in the past year. Attach additional pages if necessary.

The Annual Financial Accounting gives the North Dakota State District Court a summary of the expenditures made from the ward's estate, as well as a picture of the ward's financial wellbeing.

It should provide details on how the ward's estate was managed during the year.

1. Financial authority may be shared with others; work with co-guardians and conservators to complete this report.
2. If the ward has federally appointed representatives managing their Social Security, Veteran's or other benefits, please attach reports provided by those fiduciary representatives.

3. Complete the Annual Financial Accounting for the assets that you, co-guardians, or conservators manage. If there are no other assets or income to report besides the fiduciary's reports, please make a note of this in the comments.
4. Enter the report period.

For the first annual report, the beginning date will be the date of appointment of guardian(s). The end date will be the end of the month, 12 months later (*unless otherwise directed by the court.*)

The following year's report will have a beginning period date of the first of the month following the month-end of last year's report. The period can be adjusted to meet the unique needs of the wards and guardians; however, the reporting period for the Annual Financial Accounting needs to coincide with the reporting period of the Annual Wellbeing Report.

Annual report period example: if the Letters of Guardianship are dated April 16, 2019, that is the beginning date of the first annual report. The end date will be March 31, 2020 (*unless otherwise directed by the court.*) The due date of the first report will be April 30, 2020. The beginning date of the second annual report will be April 1, 2020 and the end date will be March 31, 2021.

5. Fill in the blanks for the income and expenditures of the ward's estate. The following explanations are provided for specific questions listed on the form:
 - **#1: beginning balance:** if this is the first annual report for the ward, the beginning balance will be the total of the "Cash, checking accounts" section of the Beginning Inventory report. These are the accounts that you or other authorized people use to pay expenses for the ward's care. If this is not the first annual report for the ward, the beginning account balance will be the ending balance from the prior year's annual report.
 - **#2: income and deposits** will include all income as well as transfers into the checking account(s) from other accounts such as savings or trusts. Total all of the income and deposits on the line at the bottom of this section.
 - **#3: the expenses and withdrawals** section is where you will list all of the payments made this year on behalf of the ward, and any transfers out to other accounts. The "Personal needs" category includes clothing, hygiene and beauty products, first aid, and similar products and services. Any large or unusual

expenses should be described in the comments. Total all of the expenditures on the line at the bottom of this section.

- **#4:** the **ending balance** is the sum of the beginning balance plus the total of all deposits, and the subtraction of all the expenditures. The ending balance amount will be the beginning balance for next year's report. This balance should match the ward's total checking and spending account balances on the end date of this financial accounting report.
 - **#5:** the current asset listing is similar to an inventory report. All of the ward's assets and current values should be listed here. Attach additional sheets if more space is required. New assets acquired should be explained in the comments.
 - **#6:** list all assets that have been sold or disposed of since the last report to the Court. Please include the purpose for the disposal, the person or company that received the asset, and where the income was deposited. This information is helpful for the Court to monitor reductions in the ward's estate.
 - **#7:** all of the ward's debt should be listed. Any significant new debt acquired should be explained in the comments.
 - **#8:** this space should be used to explain large or unusual expenditures and asset disposals. You may also wish to discuss debt arrangements, loss of income, plans for future asset management, or other information of interest to the Court. Attach additional pages if needed.
