

# NORTH DAKOTA COURT SYSTEM CLASSIFICATION DESCRIPTION

## Application Support Analyst I

---

<b>Title of Immediate Supervisor:</b>	Deputy Director of Technology
<b>Department/Division:</b>	Information Technology / Office of the State Court Administrator
<b>Pay Grade/FLSA Status:</b>	*13 / Non-Exempt
<b>Job Titles Accountable For:</b>	None

---

### General Summary or Purpose

Under the direction of the Deputy Director of Technology, the Application Support Analyst I is responsible for assisting users with computer hardware, technical software, and application support, and providing informational technology training and user technical support for a large user base on the court information systems and other information technology applications or systems.

This position differs from the Application Support Analyst II in that the Application Support Analyst I represents the entry level within the series having the essential training and skills to perform the basic essential functions of the job but may lack experience in a court setting or in an area of computer support, technology training, or software application required to perform the full range or breadth of duties expected of a fully proficient Application Support Analyst II.

### Major Responsibilities & Essential Functions

1. Trains and assists information technology users in the efficient and effective operation of technology tools, hardware, software, and systems:
  - o Develops training manuals and materials for the technology needs of the court system.
  - o Creates, modifies, and updates systems, software, and manuals.
2. Provides local one-on-one support to technology users on court system applications, software, hardware, network, and other information technology applications.
3. Provides software development staff with input on needs and concerns by serving on various advisory committees or by serving as a liaison between users and development staff and sharing user needs and issues impacting the development process.
4. Assists users and development staff with testing of software updates and enhancements. Assists end users and development staff in the identification, creation, and testing of reports.
5. Analyzes user goals and informational needs to establish a necessary information base needed for the design, implementation, and training of system enhancements.
6. Attends various committee meetings to provide staff assistance to committees as needed.
7. Researches and evaluates advancements in software, hardware, and court procedures as they pertain to needs and training needs of the court system.
8. Assists users with computer hardware, technical software, and application support.
9. Performs other duties of a comparable level or type or as assigned.

### Minimum Qualifications

Requires an associates's degree and one year of related experience. Any combination of education, training, or experience which demonstrates the ability to successfully complete the major responsibilities and essential functions may be substituted for the degree and experience requirements.

### Certifications or Licensing Requirements: (prior to job entry)

Valid driver's license or evidence of equivalent mobility.

# NORTH DAKOTA COURT SYSTEM CLASSIFICATION DESCRIPTION

## Application Support Analyst I

### Job Classification History

- Technology Coordinator I classification created 10/26/2022.
- On 9/11/2024 effective 10/1/2024, the Supreme Court approved the Personnel Policy Board recommendations from the Classification and Compensation Study completed by Evergreen Solutions, Inc.
- \*A pay grade exception was recommended by the Personnel Policy Board and approved by the Supreme Court on 9/11/2024 effective 10/1/2024. A pay grade exception is the assignment of a pay grade that is higher than that determined by the application of the Classification Matrix System. This may be done when a pay grade assigned to a class has not resolved significant problems in the recruiting or retention of qualified individuals for a class. Classes assigned a pay grade exception are subject to periodic review to verify the appropriateness of the assigned pay grade.
- Effective 9/1/2025, the Supreme Court approved two new Information Technology classifications, Deputy Director of Technology and Technical Support Analyst, and changed the title of the Technology Coordinator to Application Support Analyst. These changes revise the Title of Immediate Supervisor and Job Titles Accounted For to assign direct supervision of the Business Analysts, Technical Support Analysts, and Application Support Analysts to the Deputy Director of Technology and the Deputy Director of Technology to the Director of Technology.
