

NORTH DAKOTA COURT SYSTEM CLASSIFICATION DESCRIPTION

Technology Coordinator III

Title of Immediate Supervisor:	Director of Technology
Department/Division:	Information Technology / Office of the State Court Administrator
Pay Grade/FLSA Status:	*16 / Non-Exempt
Job Titles Accountable For:	None

General Summary or Purpose

Under the direction of the Director of Technology, the Technology Coordinator III is responsible for assisting users with computer hardware, technical software and application support, and providing informational technology training and user technical support for a large user base on the court information systems and other information technology applications or systems.

This position differs from the Technology Coordinator II in that the Technology Coordinator III has greater experience requirements and a greater breadth of knowledge of the court system as well as the systems and programs used by the North Dakota Court System. Work at this level also involves providing training and mentorship to Technology Coordinators I and II.

Major Responsibilities & Essential Functions

1. Trains and assists information technology users in the efficient and effective operation of technology tools, hardware, software, and systems:
 - o Develops training manuals and materials for the technology needs of the court system.
 - o Creates, modifies, and updates systems, software, and manuals.
2. Provides support to technology users on court system applications, software, hardware, network, and other information technology applications.
3. Provides software development staff with input on needs and concerns by serving on various advisory committees or by serving as a liaison between users and development staff and sharing user needs and issues impacting the development process.
4. Assists users and development staff with testing of software updates and enhancements. Assists end users and development staff in the identification, creation, and testing of reports.
5. Analyzes user goals and informational needs to establish a necessary information base needed for the design, implementation, and training of system enhancements.
6. Attends various committee meetings to provide staff assistance to committees, as needed.
7. Researches and evaluates advancements in software, hardware, and court procedures as they pertain to needs and training needs of the court system.
8. Assists users with computer hardware, technical software, and application support.
9. Performs other duties of a comparable level or type or as assigned.

Minimum Qualifications

Requires a bachelor's degree and three years of related experience. Any combination of education, training, or experience which demonstrates the ability to successfully complete the major responsibilities and essential functions may be substituted for the degree and experience requirements.

Certifications or Licensing Requirements: (prior to job entry)

Valid driver's license or evidence of equivalent mobility.

NORTH DAKOTA COURT SYSTEM CLASSIFICATION DESCRIPTION

Technology Coordinator III

Job Classification History

- Classification created 10/26/2022.
- On 9/11/2024 effective 10/1/2024, the Supreme Court approved the Personnel Policy Board recommendations from the Classification and Compensation Study completed by Evergreen Solutions, Inc.
- *A pay grade exception was recommended by the Personnel Policy Board and approved by the Supreme Court on 9/11/2024 effective 10/1/2024. A pay grade exception is the assignment of a pay grade that is higher than that determined by the application of the Classification Matrix System. This may be done when a pay grade assigned to a class has not resolved significant problems in the recruiting or retention of qualified individuals for a class. Classes assigned a pay grade exception are subject to periodic review to verify the appropriateness of the assigned pay grade.
