Subject: Accepting out of state attorneys to defend water protectors from Standing Rock

To the Honorable Supreme court of North Dakota. My name is Stephanie Staie and I am requesting that you please allow out of state attorneys to represent and defend Water Protectors from Standing Rock. I have heard reports that local attorneys there have no wish to defend these protectors and that they have a conflict of interest as they are tied in to the oil company there. I believe allowing out of state attorneys to defend would be a much more fair carriage of justice. Thank you for your time Stephanie Staie California licensed MFT and Water Protector
