Subject: Please allow out-of state lawyers to represent the people -

Dear Penny Miller / Clerk of the Supreme Court,

Thank you for taking public comments.

I want to ask you to please allow out-of-state lawyers to represent the American citizens on trail next month. They are having a difficult time finding lawyers to represent them in your state and I can understand why. These citizens are genuinely concerned about drinking water and deserve to be represented by a good lawyer who is willing to help. Most lawyers willing to help are from out of state. I ask that you have mercy on the people and let them have a fair trial.

Thank you & God bless,

Lynn Medina
