Subject: Please allow out of state attorneys for waterprotectors

Dear Ms. Penny Miller;

I would like to ask your assistance in obtaining a fair trial for the water protectors of Standing Rock, North Dakota, USA.

I understand the defense was denied a change of venue. The attorneys available to represent the defendants are stretched thin.

Attorneys from out of state are willing to help.

I would like to ask your assistance in keeping these trials as fair and just as possible. I know you have no control over jury selection. However, without the change in venue, allowing out of state attorneys will help to ensure our water protectors receive as fair a trial as possible.

Best Regards,

Britt-Marie Johansson
