Subject: Out of state lawyers for the water protectors.

Dear Ms Miller

I am writing regarding the situation for the water protectors in the court system in North Dakota...Having viewed from afar and listened to all sides of this situation, that has come about due to big oil companies and the local indidgenous community along with their allies.. I really feel that none of the water protectors would receive a fair and just hearing without out of state lawyers.I am therefore appealing to you to make this happen,I would even go so far as to suggest that for a fair and just hearing to go ahead that the entire trial be moved out of North Dakota.

I am hoping you will give this some serious thought and come to the only fair and just option for the water protectors who after all are bringing awareness to the world of what oil and profit is really doing to our planet.

I will be anxiously awaiting your decision for this and praying for a positive outcome for all the water protectors.

Yours Sincerely

Debra J Sharrock
