To the North Dakota Supreme Court:

I am writing in support of the proposed order 20160436. As cited in the petition, access to legal counsel is a cornerstone of both U.S. and North Dakota precedent. I hope the court takes this opportunity to alleviate the state court system's current burden by allowing out-of-state attorneys in good standing with their local bar to represent the overflow of defendants when the local pool of attorneys runs dry.

Sincerely,  
Jason Tashea, J.D.
