**Subject:** Legal Access for Water Protectors  
**Attachments:** image1.JPG; image2.JPG; ATT00001.txt

Dear Superior of Court,

I am yet another voiceless citizen of a United States that has been SOLD and DELIVERED to giant oligopolies and Sunoco and Exxon Oil. I am requesting that you permit legal access to outside attorneys for the water Protectors. I am including some facts on pipelines, and a prayer that we, as a country, can envision a different society, the one that Nicola Tesla, or Buckminster Fuller foresaw, with clean, renewable energy for all and freedom from foreign entanglements, the banking elite, and endless bloodshed and war for oil. My heart and prayers are with the Water Protectors. Like millions across the world who are waking up, I Stand with Standing Rock. Please allow this provision for legal access for these brave men and women who are bearing blizzards to preserve clean water and healing plants. Thank you, Angela Kaplan
