Subject: Legal Representation for WaterProtectors

To Penny Miller, clerk of the Supreme Court,

I'd like to add my comment regarding the Standing Rock water protectors that are being charged with crimes. I am concerned that they are not getting proper legal counsel due to the large number that are charged. It would be a travesty for them to be denied their rights and seems like it would be rectified by allowing out of state representation in this unusual circumstance. It is also disturbing to me to allow multiple defendants with different charges at different times to be lumped together as one case.

Please consider allowing the out of state defenders to see that justice is served for these people whose crime is caring about the earth they leave for future generations. They should be commended instead of being treated like second class citizens.

I also stand behind WPLC's call for resignation of M.C. State's attorney Ladd Erickson.

Please add my name to the petition.

Thank you for allowing my opinions to be heard.

Kind Regards,
