Subject: Attorneys for water protectors

Please allow the Standing Rock, and all associated locations water protectors to have legal counsel, lawyers from other states or whatever it is they need for proper legal representation also you must allow all of the evidence, much of which has already been seen around the world, the videos photos and reason that the protection of Treaty land is necessary These water protectors are peaceful prayerful people exersizing their right to assemble and say their piece

The First Amendment states that "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

It would be a shame if this matter had to be brought before the supreme court

Sincerely, Grayce Parshley
