William Wallace
Petitioner
vs
State of ND.
County of Ward.
Case SI-2016-CR-01499.

In ND Supreme Court
County of Burleigh County
Petition the Courts on
Ruling of Decision in Case
20190149. Luring Minor
by Computers.

I William Wallace petition the N.D. Supreme Court on the Ruling of Decision in Case 20190149. On the Morning of July 13, 2016, Detective Krista Cousins contacted William Wallace at 8:45 Am wanting to meet up with me. This was over 48 hr. from any prior text. This was a case of Detective Krista Cousins of Minot Police Dept. Luring William Wallace into a switch and bait and along with Entrapment. This should not have been a Reloq change, and I had also done a Rule 35 Motion and the Courts Never even acknowledged it. After 3 Illegal Judgements and had spent 13 months 20 days Incarcerated, and Reversed in the First ND Supreme Court Appeal, Also the Post Conviction Relief. that was Combined with the First Supreme Court Appeal (20170459)(2018 cv. 00253) The Supreme Court would not Act Upon which should have been Overturned and Record Expunged. I Feel the ND Supreme Court Justices. were protecting the NW District Court

of Ward County, and Judge Gary Lee who sits in and substitutes in the ND Supreme Courts. This Corruption starts from Washington DC, all the way down to the Court System. and now I am asking the Courts to Review William Wallace's case (2019 0149) 2016-CR-01499 and Consider the Conviction of Luring a minor to a misdemeanor charge of Reverse Decision and Expunged Record. There has never been any Criminal Charges or any such Charge on My Record of Matters I have been taking Aftercare classes and Attending Celebrate Recovery and going to support groups. I William Wallace am Asking the Courts to reconsider my Petition on the ND Supreme Courts Ruling decision before I take the Next Step in the Federal US District Courts on the Habeas Copus, There were many Errors, Illegal Judgements, ect in Case 51-2016-CR-01499, 2017 0459, 51-2018 CV 00253 and 2019 0149. and Now William Wallace preys that the ND Supreme Court Review and reconsider decision in Appeal 2019 0149. Thank you for your concern in Matter.
