Plaintiff,

vs.

REQUEST FOR  
EXTENSION TO FILE  
FINDINGS

Drew H. Wrigley; Birch P. Burdick,

Defendant.

[¶1] On October 11, 2022, the North Dakota Supreme Court, invited this Court to submit findings on factor 1) substantial probability of succeeding on the merits. The Court placed a time line of October 17, 2022, giving this Court 6 days to create the findings for this factor.

[¶2] Such a time line is extremely short given the many duties of any judicial officer throughout the state. To compound matters this judicial officer has, as of today, tested positive for COVID and is required to quarantine. While remote work is possible it is not the best avenue for providing a comprehensive analysis as requested by the Supreme Court on such a complicated issue.

[¶3] A minimum of a 10 day (October 27<sup>th</sup>) or maximum 30 day (November 16<sup>th</sup>) extension is requested by this Court.

Dated on this the 13th day of October, 2022.
