# Motion For Extension

East Central District

Cass County Case No: 2021-DM-01260

Supreme Court Case No: 20230019

I, Nicholas A. Otten, am submitting a motion for extension for the deadline for the appellant brief. The reason for this second extension is that I am having a difficult time sending the document. I would only need a 1-2 day extension. I am extremely apologetic, navigating the legal system without the assistance of council has been challenging.

I am also going to be requesting for an oral argument in front of the court in order to properly state my case. My reasoning for this is that I believe that my brief, while informative, I believe that it will not convey the full extent of what types of issues that came up prior to and during the proceeding that is being appealed.

I am ultimately submitting a motion for these things to bring the most accurate information to the court for review.
